Brent Hackley, Secretary
Mitch Mahoney
Ken R. Swan
Travis Thompson
Lisa Perry

Regular School Board Meetings are held on the second Monday of each month at
7:00 p.m. in the Jacksboro Elementary Library.

Pledge of Allegiance to the United States Flag

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands; one nation under God, indivisible, with liberty and justice for all.

Pledge of Allegiance to the Texas Flag

Honor the Texas Flag; I pledge allegiance to thee, Texas, one state under God, one and indivisible.

Jacksboro I.S.D. School Song

Faithful and true hearted,
Let us boost our dear Old High
We revere her and defend her,
As her colors proudly fly;
We will stand for her, united
Of her deeds we'll gladly tell,
Her colors streaming,
Glad faces beaming,
So here's a cheer for her,
For her we love so well.

Joyous, And ever loyal
Let us boost our dear Old High;
Let every heart sing,
Let every voice ring,
There's no time to grieve or sigh;
It's ever onward
Our course pursuing
May defeat ne'er our ardor cool;
But united, we will boost
For our Jacksboro High School.

Honors she has taken,
On the track and with the ball,
May she always rank the highest,
May her colors never fall;
There's no other that can match her;
When her team is on the field,
Her boys, the fleetest,
Her girls, the sweetest,
Then here's a cheer for her.
For who ne'er will yield.

**Options and
Requirements
For Providing Assistance to Students Who Have Learning
Difficulties or Who Need or May Need Special Education**

If a child is experiencing learning difficulties, the parent may contact the person listed below to learn about the district's overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other support services that are available to all students.

At any time, a parent is entitled to request an evaluation for special education services. Within a reasonable amount of time, the district must decide if the evaluation is needed. If evaluation is needed, the parent will be notified and asked to provide consent for the evaluation. The district must complete the evaluation and the report within 60 calendar days of the date of the district receives the written consent. The district must give a copy of the report to the parent.

If the district determines that the evaluation is not needed, the district will provide the parent with a written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parent of their rights if they disagree with the district. Additionally, the notice must inform the parent how to obtain a copy of the *Notice of Procedural Safeguards – Rights of Parents of Students with Disabilities*.

The designated person to contact regarding options for a child experiencing learning difficulties or a referral for evaluation for special education is:

Contact Person:	The Campus Principal	
Phone Number:	Jacksboro Elementary School	567-7206
	Jacksboro Middle School	567-7205
	Jacksboro High School	567-7204

Model Notification of Rights under FERPA For Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 year of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

(1) The right to inspect and review the student’s education records within 45 days of the day the School receives a request for access.

Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate.

Parents or eligible students may ask the School to amend a record that they believe is inaccurate. They should write the School principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure with consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

[Optional] Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the *School District* to comply with the requirement of FERPA. The name and address of the office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

[NOTE: In addition, a school may want to include its directory information public notice, as required by § 99.37 of the regulations, with its annual notification of rights under FERPA.]

The District is required by federal law to notify you and obtain your consent or denial (opt-out) for your child to participate in certain school activities. The activities include a student survey, analysis, or evaluation that concerns one or more of the following eight areas, known as “protected information surveys.”

1. Political affiliations or beliefs of the student or student’s parent;
2. Mental or psychological problems of the student or student’s family;
3. Sex behavior or attitudes;
4. Illegal, antisocial, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or parents; or
8. Income, other than as required by law to determine program eligibility.

This requirement also applies to the collection, disclosure, or use of student information for marketing purposes (“marketing surveys”), and certain physical exams and screenings.

INTRODUCTION

To Students and Parents:

Welcome to school year 2010-2011. For this year to be successful for your child, we must all work together: students, parents, teachers, and other school staff members. This student handbook is designed to help us do this.

The Jacksboro ISD Student Handbook contains information that both students and parents are likely to need during the school year.

Please be aware that the term “the student’s parent” is used to refer to the parent, legal guardian, or other person who has agreed to assume school-related responsibility for a student.

Both students and parents must be familiar with the Jacksboro ISD Student Code of Conduct, required by the state law and intended to promote school safety and an atmosphere for learning. That document may be found as a separate document and posted on the school website or available in the principal’s office.

The student handbook is designed to be in harmony with Board policy and the Student Code of Conduct. Please be aware that the handbook is updated yearly, while policy adoption and revision may occur throughout the year. Changes in policy that affect student handbook provisions will be made available to students and parents through newsletters and other communications.

In case of conflict between Board policy or the Student Code of Conduct and any provisions of student handbooks, the provisions of Board policy or the Student Code of Conduct that were most recently adopted by the Board are to be followed.

We strongly recommend that parents review the entire handbook with their children and keep it as a reference during this school year. If you or your child has questions about any of the material in this handbook, please contact a teacher, the counselor, or the principal. Also, please complete and return the parental acknowledgement and consent/opt-out forms so that we have a record of your choices.

Please note that references to alphabetical policy codes are included so that parents can refer to current policy. A copy of the District’s policy manual is available in the Superintendent’s Office or on-line at www.jacksboroisd.net.

DATING VIOLENCE, DISCRIMINATION, HARASSMENT, and RETALIATION

The District believes that all students learn best in an environment free from dating violence, discrimination, harassment, and retaliation and that their welfare is best served when they are free from this prohibited conduct while attending school. Students are expected to treat other students and District employees with courtesy and respect; to avoid behaviors known to be offensive; and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect.

The Board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person's race, color, religion, gender, national origin, disability, or any other basis prohibited by law.

Dating Violence

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. This type of conduct is considered harassment if the conduct is so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of dating violence against a student may include, but are not limited to, physical or sexual assaults, name-calling, put-down, threats to hurt the student or the student's family members or members of the student's household, destroying property belonging to the student, threats to commit suicide or homicide if the student ends the relationship, attempts to isolate the student from friends and family, stalking, or encouraging others to engage in these behaviors.

Discrimination

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, gender, national origin, disability, or any other basis prohibited by law, that is negatively affects the student.

Harassment

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening hostile, or offensive educational environment; or substantially interferes with the student's academic performance. A copy of the District's policy is available in the principal's office and in the Superintendent's office.

Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person's religious beliefs or practices, accent, skin color, or need for accommodation; bullying, threatening or intimidating conduct; offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

Sexual Harassment

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and District employees are prohibited, even if consensual.

Examples of prohibited sexual harassment may include, but not be limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Retaliation

Retaliation of a student occurs when a student receives threats from another student or an employee or when an employee imposes an unjustified punishment or unwarranted grade reduction. Retaliation does not include petty slights and annoyances from other students or negative comments from a teacher that are justified by a student's poor academic performance in the classroom.

Retaliation against a person who makes a good faith report of discrimination or harassment, including dating violence, is prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with the district investigation, however, may be subject to appropriate discipline. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited.

Reporting Procedures

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to the teacher, counselor, principal, or other District employee. The report may be made by the student's parent. See policy FFH(LOCAL) for the appropriate districts officials to whom to make a report.

Investigation of Report

To the extent possible, the District will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated. The District will notify the parents of any student alleged to have experienced prohibited conduct by an adult associated with the District.

In the event prohibited conduct involves another student, the district will notify the parents of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy.

If the District's investigation indicates that prohibited conduct occurred, appropriate disciplinary or corrective action will be taken to address the conduct. The District may take disciplinary action even if the conduct that is the subject of the complaint was not unlawful.

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

Discrimination

[See Dating Violence, Discrimination, Harassment, and Retaliation on page 8]

In its efforts to promote nondiscrimination, the District makes the following statements:

Jacksboro ISD does not discriminate on the basis of race, religion, color, national origin, gender, sex or disability in providing education services, activities, and programs, including vocational programs, in accordance with the Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

The following District staff members have been designated to coordinate compliance with these requirements:

- Title IX Coordinator, for concerns regarding discrimination on the basis of sex: Dennis Bennett, Superintendent.
- Section 504 Coordinator, for concerns regarding discrimination on the basis of disability: Dennis Bennett, Superintendent.
- All other concerns: See the Superintendent, Dennis Bennett

Services for the Homeless and for Title I Participants

Other designated staffs you may need to contact include:

- Liaison for Homeless Children and Youths, who coordinates services for homeless students: Dennis Bennett, Superintendent.
- Parent Involvement Coordinator, who works with parents of students participating in Title I programs: Dennis Bennett, Superintendent.

Students with Disabilities

Upon the recommendation of the admission, review, and dismissal committee, a student with disabilities may be permitted to graduate under the provisions of his or her individualized education program (IEP).

YOUR INVOLVEMENT AS A PARENT

Working Together

A child's education succeeds best when there is a strong partnership between home and school, a partnership that thrives on communication. Your involvement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides. **Be sure your child comes to school each day prepared, rested, well groomed, and ready to learn.**
- Becoming familiar with all of your child's school activities and with the academic programs, including special programs, offered in the District. Discuss with the counselor or principal any questions you may have about the options and opportunities available to your child. Monitor your child's academic progress and contact teachers as needed.
- Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, counselor, or principal, please call the school office for an appointment. A teacher will usually return your call or meet with you during his or her planning period or at a mutually convenient time before or after school.
- Becoming a school volunteer. For further information, contact the campus principal.

- Participating in campus organizations. Parent organizations include: The Jacksboro PTA.
- Offering to serve as a parent representative on the District-level or campus-level planning committees assisting in the development of educational goals and plans to improve student achievement. For further information, contact the campus principal.
- Offering to serve on the School Health Advisory Council, assisting the District in ensuring local community values are reflected in health education instruction.
- Attending Board meetings to learn more about District operations.

STUDENT AND PARENT RIGHTS

Obtaining Information and Protecting Students Rights

Your child will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student’s parent.
- Mental or psychological problems of the student or the student’s family.
- Sexual behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of the student or parents.
- Income, except when the information is required by law and will be used to determine the student’s eligibility to participate in a special program or to receive financial assistance under such a program.

You will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation.

“Opting Out” of Surveys and Activities:

As a parent, you also have a right to receive notice and opt your child out of participating in:

- Any survey concerning private information listed above.
- School activities involving the collection, disclosure, or use of personal information collected from your child for the purpose of marketing or selling that information.

- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law.

Parents also have a right:

- To request information regarding the professional qualifications of your child's teachers, including whether the teacher has met state qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; whether the teacher has an emergency permit or other provisional status for which state requirements have been waived; and undergraduate and graduate degree majors, graduate certifications, and the field of study of the certification or degree. You also have the right to request information about the qualifications of any paraprofessional who may provide services to your child.
- To review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered to your child.
- To inspect a survey created by a third party before the survey is administered or distributed to your child.
- To review your child's student records when needed. These records include:
 - Attendance records,
 - Test scores,
 - Grades,
 - Disciplinary records,
 - Counseling records,
 - Psychological records,
 - Applications for admission,
 - Health and immunization information,
 - Other medical records,
 - Teacher and counselor evaluations,
 - Reports of behavioral patterns, and
 - State assessment instruments that have been administered to your child.
- To grant or deny any written request from the District to make a videotape or voice recording of your child. State law, however, permits the school to make a videotape or voice recording without parental permission for the following circumstances:
 - When it is to be used for school safety;
 - When it relates to classroom instruction or a co-curricular or extracurricular activity; or
 - When it relates to media coverage of the school.
- To remove your child temporarily from the classroom, if an instructional activity in which your child is scheduled to participate conflicts with your religious or moral beliefs. The removal cannot be for the purpose of avoiding a test and may not extend for an entire semester. Further, your child must satisfy grade-level and graduation requirements as determined by the school and by the Texas Education Agency.

- To request that your child be excused from participation in the daily recitation of the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the state flag. The request must be in writing. State law does not allow your child to be excused from participation in the required minute of silent activity that follows.
- To request that your child be excused from reciting a portion of the text of the Declaration of Independence during Celebrate Freedom Week, the request must be in writing. State law requires the recitation as part of social studies classes in grades 3-12 unless (1) you provide a written statement requesting that your child be excused, (2) the District determines that your child has a conscientious objection to the recitation, or (3) you are a representative of a foreign government to whom the United States government extends diplomatic immunity.
- To request in writing, if you are a noncustodial parent, that you be provided for the remainder of the school year a copy of any written notice usually provided to a parent related to misconduct that may involve placement in a Disciplinary Alternative Education Program (DAEP) or expulsion.
- To request the transfer of your child to another classroom or campus if your child has been determined by the campus administrator to have been a victim of bullying as the term is defined by Education Code 25.0341. Transportation is not provided for a transfer to another campus. See the campus administrator for information.
- To request the transfer of your child to attend a safe public school in the District if your child attends school at a campus identified by TEA as persistently dangerous or if your child has been victim of a violent criminal offense while in school or on school grounds.
- To request the transfer of your child to another campus or a neighboring district if your child has been the victim of a sexual assault by another student on the same campus, whether that assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for that assault.

REPORT CARDS, PROGRESS REPORTS, AND CONFERENCES

Teachers follow grading guidelines approved by the principal that have been designed to reflect each student's academic achievement for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the Board determines that the grade was arbitrary or contains an error, or the teacher did not follow the District's grading policy. The Board's decision is not subject to appeal.

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG (LOCAL).

Report cards with your child's grades or performances and absences in each class or subject are issued to you at least once every 6 weeks.

At the end of the first three weeks of a grading period you will be given a written unsatisfactory progress report if your child's performance in any course is near or below 75, or is below the expected level of performance. If your child receives a grade lower than 70 in any class or subject during a grading period, you will be requested to schedule a conference with the teacher of that class or subject.

Report cards and unsatisfactory progress reports must be signed by the parent and should be returned to the school within 5 days.

STATE-MANDATED TESTS

In addition to routine tests and other measures of achievement, students at certain grade levels will take state-mandated tests (such as TAKS: the Texas Assessment of Knowledge and Skills) in the following subjects:

- Mathematics, annually in grades 3-11
- Reading, annually in grades 3-9
- Writing, including spelling and grammar, in grades 4 and 7
- English language arts in grades 10 and 11
- Social studies in grades 8,10 and 11
- Science in grades 5, 8, 10 and 11
- Any other subject and grade required by federal law

PROMOTION AND RETENTION

A student will be promoted only on the basis of academic achievement or demonstrated proficiency in the subject matter of the course or grade level. To earn credit in a course, a student must receive a grade of at least 70 based on course-level or grade-level standards.

In addition, at certain grade levels a student – with limited exceptions – will be required to pass the Texas Assessment of Knowledge and Skills (TAKS), if the student is enrolled in a public Texas school on any day between January 1 and April 15 and is a Texas resident during the week that the TAKS is administered the first time.

- In order to be promoted to grade 6, students enrolled in grade 5 must have performed satisfactorily on the Mathematics and Reading sections of the grade 5 assessment in English or Spanish.

- In order to be promoted to grade 9, students enrolled in grade 8 must perform satisfactorily on the Mathematics and Reading sections of the grade 8 assessment in English.

Parents of a student in grades 5, or 8 who does not perform satisfactorily on his or her exams will be notified that their child will participate in special instructional programs designed to improve performance. Such students will have two additional opportunities to take the test. If a student fails a second time, a grade placement committee, consisting of the principal or designee, the teacher, and the student's parent, will determine the additional special instruction the student will receive. After a third failed attempt, the student will be retained; however, the parent can appeal this decision to the committee. In order for the student to be promoted, based on standards previously established by the District, the decision of the committee must be unanimous. Whether the student is retained or promoted, an educational plan for the student will be designed to enable the student to perform at grade level by the end of the next school year.

A Personal Graduation Plan (PGP) will be prepared for any student in a middle school or beyond who did not perform satisfactorily on a state-mandated assessment or is determined by the District as not likely to earn a high school diploma before the fifth school year following enrollment in grade 9. The PGP will be designed and implemented by a guidance counselor, teacher, or other staff member designated by the principal. The plan will identify the student's educational goals, address the parent's educational expectations for the student and outline an intensive instruction program for the student.

Certain students—some with disabilities and some with limited English proficiency—may be eligible for exemptions, accommodations, or deferred testing. For more information, see the principal, counselor, or special education director.

COUNSELING

Academic Counseling

Students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn about course offerings, the graduation requirements of various programs, and early graduation procedures. Each spring, students in grades 6 through 12 will be provided information on anticipated course offerings for the next year and other information that will help to make the most of academic and vocational opportunities.

To plan for the future, including attendance at a college, university, or training school, or some other type of advanced education, students should work closely with the counselor in order to take the high school courses that best prepare them. The counselor can also provide information about entrance exams and deadlines for application, as well as information about automatic admission to state colleges and universities, financial aid, housing, and scholarships.

Personal Counseling

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, or emotional issues, or substance abuse. The counselor may also make available information about community resources to address these concerns.

Please note: The school will not conduct a psychological examination, test, or treatment without first obtaining the parent's written consent. Parental consent is not necessary when a psychological examination, test, or treatment is required by state or federal law for special education purposes or by the Texas Education Agency for child abuse investigations and reports.

EXTRACURRICULAR ACTIVITY ELIGIBILITY

Eligibility for participation in many of these activities is governed by state law as well as rules of the University Interscholastic League (UIL)—a statewide association overseeing inter-district competition. The following requirements apply to all extracurricular activities:

- The District requires random drug and alcohol testing of any student in grades 7-12 who chooses to participate in school-sponsored extracurricular activities or drives or parks a vehicle on campus. Also included are students whose parent signed a request for volunteer participation.
- A student who receives at the end of a grading period a grade below 70 in any academic class, other than a class identified as honors or advanced by either the State Board of Education or by the local Board of Trustees, may not participate in extracurricular activities for at least three school weeks.
- A student with disabilities who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.
- An ineligible student may practice or rehearse.
- A student is allowed in a school year up to ten absences not related to post-district competition, a maximum of five absences for post-district competition prior to state, and a maximum of two absences for state competition. All extracurricular activities and public performances, whether UIL activities or other activities approved by the Board, are subject to these restrictions.
- A student who misses a class because of participation in an activity that has not been approved will receive an unexcused absence.

Please note: Sponsors of student clubs and performing groups such as the band and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by local policy will apply in addition to any consequences specified by the organization.

MEDICINE AT SCHOOL

District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements with the following exceptions:

- Only authorized employees, in accordance with policy FFAC, may administer:
 - Prescription medication provided by the parent, along with a written request, and in the original, properly labeled container.
 - Medication from a properly labeled unit dosage container filled by a registered nurse or another qualified District employee from the original, properly labeled container.
 - Nonprescription medication provided by the parent, along with a written request, and in the original, properly labeled container.
 - Herbal or dietary supplements, provided by the parent if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.
- In certain emergency situations, the District will maintain and administer to a student nonprescription medication, but only:
 - In accordance with the guidelines developed with the District's medical advisor and
 - When the parent has previously provided written consent to emergency treatment on the District's form.

A student with asthma who has written authorization from his or her parent and physician or other licensed health-care provider may be permitted to possess and use prescribed asthma medication at school or school-related events. The student and parents should see the school nurse or principal if the student has been prescribed asthma medication for use during the school day.

Steroids

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe use.

Body building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

Student participating in UIL athletic competition may be subject to random steroid testing. More information on the UIL testing program may be found on the UIL Web site at http://www.uil.utexas.edu/athletics/health/steroid_information.html.

Diabetes

In accordance with a student's individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information.

PSYCHOTROPIC DRUGS

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood-or behavior-altering substance.

Teachers and other District employees may discuss a student's academic progress or behavior with the student's parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A District employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate.

STUDENT RECORDS

Both federal and state law safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights. For purposes of student records, an "eligible" student is one who is 18 or older OR who is attending an institution of postsecondary education.

Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records. Release is restricted to:

- The parents – whether married, separated, or divorced – unless parental rights have been legally terminated and if the school is given a copy of the court order terminating these rights. Federal law requires that, as soon as a student becomes 18 or is emancipated by a court, control of the records go to the student. The parents may continue to have access to the records, however, if the student is a dependent for tax purposes.
- District staff members who have what federal law defines as a "legitimate educational interest" in a student's records. Such persons would include school officials (such as Board members, the Superintendent, and principals), school staff members (such as teachers, counselors, and diagnosticians), or an agent of the District (such as a medical consultant).
- Various governmental agencies or in response to a subpoena or court order.
- A school to which a student transfers or in which he or she subsequently enrolls.

Release to any other person or agency – such as a prospective employer, or for a scholarship application – will occur only with parental or student permission as appropriate.

The principal is custodian of all records for currently enrolled students at the assigned school. The principal is the custodian of all records for students who have withdrawn or graduated.

Records may be inspected by a parent or eligible student during regular school hours. If circumstances prevent inspection during these hours, the District will either provide a copy of the records requested, or make other arrangements for the parent or student to review these records. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records. The address of the Superintendent's office is 119 North 4th Street, Jacksboro.

The address (es) of the principals' offices are:

Jacksboro Elementary School – 1677 North Main
Jacksboro Middle School – 117 North 4th Street
Jacksboro High School – 1400 North Main

A parent (or eligible student) may inspect the students' records and request a correction if the records are considered inaccurate or otherwise in violation of the student's privacy rights. If the District refuses the request to amend the records, the requestor has the right to request a hearing. If the records are not amended as a result of the hearing, the requestor has 30 school days to exercise the right to place a statement commenting on the information in the student's record. Although improperly recorded grades may be challenged, contesting a student's grade in a course is handled through the general complaint process found in policy FNG.

Copies of student records are available at a cost of ten cents per page, payable in advance. If the student qualifies for free or reduced-price lunches and the parents are unable to view the records during their regular school hours, one copy of the record will be provided at no charge upon written request of the parent.

Directory Information

The law permits the District to designate certain personal information about students as "directory information." This "directory information" will be released to anyone who follows procedures for requesting it.

The District has designated the following categories of information as directory information: student name, address, telephone listing, electronic mail address, photograph, and date and place of birth, as well as major field of study; degrees, honors, and awards received; dates of attendance; grade level; most recent educational institution attended; participation in officially recognized activities and sports; and weight and height of member of athletic teams.

However, release of a student's directory information may be prevented by the parent or an eligible student. This objection must be made in writing to the principal within ten school days of the child's first day of this school year.

A form must be picked up at the principal's office for you to complete and return, if you do not want the District to release directory information.

Please note:

Parents or eligible students have the right to file a complaint with the U.S. Department of Education if they believe the District is not in compliance with federal law regarding student records. The District's policy regarding student records is available from the principal's or superintendent's office or the district's Web site at www.jacksboroisd.net.

The parent's or eligible student's right of access to and copies of student records does not extend to all records. Materials that are not considered educational records—such as teachers' personal notes about a student that are shared only with a substitute teacher—do not have to be made available to the parents or student.

STUDENT OR PARENT COMPLAINTS AND CONCERNS

Usually student or parent complaints or concerns can be addressed by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be handled so easily, the District has adopted a standard complaint policy at FNG (LOCAL) in the District's policy manual. A copy of this policy may be obtained in the principal's or superintendent's office or on the District's Web site at www.jacksboroisd.net.

In general, the student or parent should submit a written complaint and request a conference with the campus principal. If the concern is not resolved, a request for a conference should be sent to the superintendent. If still unresolved, the District provides for the complaint to be presented to the Board of Trustees.

CLOSED CAMPUS

No student shall be permitted to leave campus during lunch except as approved by the principal, on a case-by-case basis in response to a parent's written request.

Students who leave campus during lunch or at any other time without administrative approval shall be subject to disciplinary action in accordance with the Student Code of Conduct.

RELEASE OF STUDENTS FROM SCHOOL

Because class time is important, doctor's appointments should be scheduled, if possible, at times when the student will not miss instructional time.

A student who will need to leave school during the day must bring a note from his or her parent that morning and follow the campus sign-out procedures before leaving the campus. Otherwise, a student will not be released from school at times other than at the end of the school day.

Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the instructional day.

If a student becomes ill during the school day, the student should receive permission from the teacher before reporting to the school nurse. The nurse will decide whether or not the student should be sent home and will notify the student's parent.

Withdrawing from School

A student under 18 may be withdrawn from school only by a parent. The school requests notice from the parent at least three days in advance so that records and documents may be prepared. The parent may obtain a withdrawal form from the principal's office.

On the student's last day, the withdrawal form must be presented to each teacher for current grade averages and book clearance; to the librarian to ensure a clear library record; to the clinic for health records; to the counselor for the last report card and course clearance; and finally, to the principal. A copy of the withdrawal form will be given to the student, and a copy will be placed in the student's permanent record.

A student who is 18 or older, who is married, or who has been declared by a court to be an emancipated minor, may withdraw without parental signature.

ATTENDANCE

Regular school attendance is essential for the student to make the most of his or her education—to benefit from teacher-led activities, to build each day's learning on that of the previous day, and to grow as an individual. Absences from class may result in serious disruption of a student's mastery of the instructional materials, therefore the student and parent should make every effort

to avoid unnecessary absences. Two state laws, one dealing with compulsory attendance, the other with attendance for course credit, are of special interest to students and parents.

Compulsory Attendance

State law requires that a student between the ages of 6 and 18 attend school, as well as any applicable accelerated instruction program, extended year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

A student who voluntarily attends or enrolls after his or her eighteenth birthday is required to attend each school day until the end of the school year and is subject to compulsory attendance laws, if the student is under 21 years old. In addition, if a student 18 or older has more than five unexcused absences in a semester the District may revoke the student's enrollment. The student's presence on school property thereafter would be unauthorized and may be considered trespassing.

State law requires attendance in an accelerated reading instruction program when kindergarten, first grade, or second grade students are assigned to such a program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program as a result of the reading diagnosis test.

School employees must investigate and report violations of the state compulsory attendance law. A student absent from school without permission from school; from any class; from required special programs, such as additional special instruction (termed "accelerated instruction" by the state) assigned by the grade placement committee and basic skills for ninth graders; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

A court of law may also impose penalties against both the student and his or her parents if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student:

- Is absent from school on ten or more days or parts of days within a six-month period in the same school year, or
- Is absent on three or more days or parts days within a four-week period.

If the student is over age 18, the student's parents shall not be subject to penalties as a result of their child's violation of state compulsory attendance law.

Attendance for Credit

To receive credit in a class, a student must attend at least 90 percent of the days the class is offered. A student who attends fewer than 90 percent of the days the class is offered may be

referred to the attendance review committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit.

In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

- All absences will be considered in determining whether a student has attended the required percentage of days. If make-up work is completed, absences for religious holy days and health care appointments will be considered days of attendance for this purpose.
- A transfer or migrant student begins to accumulate absences only after he or she has enrolled in the District. For a student transferring into the District after school begins, including a migrant student, only those absences after enrollment will be considered.
- In reaching a decision about a student's absences, the committee will attempt to ensure that it is in the best interest of the student.
- The committee will consider the acceptability and authenticity of documented reasons for the student's absences.
- The committee will consider whether the absences were for reasons over which the student or the student's parent could exercise any control.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit.

The student or parent may appeal the committee's decision to the Board of Trustees by filing a written request with the Superintendent in accordance with policy FNG.

The actual number of days a student must be in attendance in order to receive credit will depend on whether the class is for a full semester or for a full year.

When a student must be absent from school, the student—upon returning to school—must bring a note, signed by the parent that describes the reason for the absence. A note signed by the student, even with the parent's permission, will not be accepted unless the student is 18 or older.

COMMUNICABLE DISEASES/CONDITIONS

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent suspects that his or her child has a communicable or contagious disease, the parent should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

The school nurse or the principal's office can provide information from the Texas Department of Health regarding these diseases.

Bacterial Meningitis

State law requires the District to provide the following information:

WHAT IS MENINGITIS?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is the most common and the least serious. Bacterial meningitis is the most common form of serious bacterial infection with the potential for serious, long-term complications. It is an uncommon disease, but requires urgent treatment with antibiotics to prevent permanent damage or death.

WHAT ARE THE SYMPTOMS?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over 1 year old) and adults with meningitis may have a severe headache, high temperature, vomiting, sensitivity to bright lights, neck stiffness or joint pains, and drowsiness or confusion. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

HOW SERIOUS IS BACTERIAL MENINGITIS?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

HOW IS BACTERIAL MENINGITIS SPREAD?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing, sharing drink containers, utensils, or cigarettes).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

HOW CAN BACTERIAL MENINGITIS BE PREVENTED?

Do not share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss. While there are vaccines for some other strains of bacterial meningitis, they are used only in special circumstances. These include when there is a disease outbreak in a community or for people traveling to a country where there is a high risk of getting the disease. Also, a vaccine is recommended by some groups for college students, particularly freshmen living in dorms or residence halls. The vaccine is safe and effective (85-90 percent). It can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

WHAT SHOULD YOU DO IF YOU THINK YOU OR A FRIEND MIGHT HAVE BACTERIAL MENINGITIS?

You should seek prompt medical attention.

WHERE CAN YOU GET MORE INFORMATION?

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Texas Department of Health office to ask about meningococcal vaccine. Additional information may also be found at the web sites for the Centers for Disease Control and Prevention, <http://www.cdc.gov>, and the Department of State Health Services, <http://www.dshs.state.tx.us/>.

School Health Advisory Council

During the preceding school year, the District's School Health Advisory Council held meetings on October 13, 2009; January 20, 2010; March 10, 2010; and May 3, 2010. Additional information regarding the District's School Health Advisory Council is available from the superintendent.

CONDUCT

Tobacco Prohibited

The District and its staff strictly enforce prohibitions against the use of tobacco products by students and others on school property or at school-sponsored or school-related activities.

Applicability of School Rules

As required by law, the District has adopted a Student Code of Conduct that prohibits certain behaviors and establishes standards of acceptable behavior—both on and off campus—and consequences for violation of the standards. Students need to be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules.

To achieve the best possible learning environment for all students, the Student Code of Conduct and other campus rules will apply whenever the interest of the District is involved, on or off school grounds, in conjunction with classes and school-sponsored activities. The District has disciplinary authority over a student in accordance with the Student Code of Conduct.

Conduct Before and After School

Teachers and administrators have full authority over student conduct at before-or after-school activities on District premises and at school-sponsored events off District premises, such as play rehearsal, club meetings, athletic practice, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct.

Loitering or standing in the halls between classes is not permitted. During class time, a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action.

Corporal Punishment

Corporal punishment – spanking or paddling the student – may be used as a discipline management technique in accordance with the Student Code of Conduct and policy FO (LOCAL) in the District’s policy manual.

Social Events

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and the person inviting the guest will share responsibility for the conduct of his or her guest.

A student attending a social event will be asked to sign out when leaving the event; anyone leaving before the official end of the event will not be readmitted.

Disruptions

As identified by law, disruptions include the following:

- Interference with the movement of people in an exit, entrance, or hallway of a District building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use of force, violence, or threats to cause disruption during an assembly.
- Interference with the movements of people at an exit or entrance to District property.
- Use of force, violence, or threats in an attempt to prevent people from entering or leaving District property without authorization from an administrator.
- Disruption of classes or other school activities while on District property or on public property that is within 500 feet of District property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; entering a classroom without authorization; and disrupting the activity with profane language or any misconduct.
- Interference with the transportation of students in District vehicles.

Radios, CD Players, and other Electronic Devices and Games

Students are not permitted to possess such items as pagers, radios, CD players, tape recorders, camcorders, DVD players, cameras, electronic devices or games, unless prior permission has been obtained from the principal. Without such permission, teachers will collect the items and turn them in to the principal's office. The principal will determine whether to return the items at the end of the day for students to take home or whether parents will be contacted to pick up the items.

Any disciplinary action will be in accordance with the Student Code of Conduct. For certain items, such as pagers, in which a third party retains a legal right of ownership, the school may charge for releasing the pager to the third party.

LAW ENFORCEMENT AGENCIES

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
- The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

Students Taken Into Custody

State law requires the District to permit a student be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- By an authorized representative of Child Protective Services, Texas Department of Family and Protective Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety.
- To comply with a properly issued directive to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer's identity and, to the best of his or her ability, will verify the official's authority to take custody of the student.

The principal will immediately notify the Superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student's release to a law enforcement officer, any notification will most likely be after the fact.

Notification of Law Violations

The District is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been arrested or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated of delinquent conduct for any felony offense or certain misdemeanors.

DISTRIBUTION OF PUBLISHED MATERIALS OR DOCUMENTS

School Materials

Publications prepared by and for the school may be posted or distributed, with prior approval by the principal, sponsor, or teacher. Such items may include school posters, brochures, murals, etc.

All school publications are under the supervision of a teacher, sponsor, and the principal.

Nonschool Materials...from students

Students must obtain prior approval before posting, circulating, or distributing written materials, handbills, photographs, pictures, petitions, films, tapes, posters, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any nonschool material must include the name of the sponsoring person or organization. The decision regarding approval will be made in two school days.

The principal will designate the location for approved nonschool materials to be placed for voluntary viewing by students.

The student may appeal the principal's decision in accordance with policy FNG (LOCAL). Any student who posts material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without this approval will be removed.

Nonschool Materials...from others

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the District or by a District-affiliated school-support organization will not be sold, circulated, distributed or posted on any District premises by any District employee or by persons or groups not associated with the District, except as permitted by policy GKDA. To be considered, any nonschool material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the Superintendent or designee for prior review. The Superintendent or designee will approve or reject the materials within two school days of the time the materials are received.

The requestor may appeal a rejection in accordance with the appropriate District complaint policy.

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a noncurriculum-related student group meeting held in accordance with FNAB(LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All nonschool materials distributed under these circumstances must be removed from District property immediately following the event at which the materials are distributed.

DRESS AND GROOMING

JACKSBORO ISD DRESS CODE

The Jacksboro Independent School District's Board of Education has established the following student dress code to promote community pride and spirit, to establish trust among citizens and students, to encourage professionalism, to promote discipline and to insure the educational efficiency of the Jacksboro School system.

Students in Jacksboro ISD are asked to have pride in their clothes. Cleanliness and neatness are marks of personal pride. Garments that distract from the learning process are unacceptable and are not to be worn. The school has the right to ask a student to change his or her apparel whether or not it is listed below, if it is of such nature to distract from the educational atmosphere within the school. The following regulations will serve as a guide to implement the above policy but is not intended to be a complete or exhaustive listing of prohibited wear or appearance:

1. Students will not wear any style of garment that is indecent, obscene or distracting. Attire such as buttons, insignias, or clothing with sayings or advertisements that are in bad taste, indecent, unpatriotic or disruptive is prohibited.
2. No bizarre and/or unusual style in hair or hair color, which is disruptive to the educational process will be worn at school. Students hair must be a naturally occurring color. A student's hair will be clean and cut often. No hair tails are allowed. Boy's hair will be styled so that it is off the collar, out of the

- eyes, and at least half of the ear showing. Hair thickness will not exceed 2” on the top of the head and 1” on the sides and back of the head. Sideburns are allowed, if they are neatly trimmed and not longer than the bottom of the ear. No mustaches or beards are allowed. Male students will be clean-shaven at all times.
3. Girls are permitted to wear Capri pants during the 1st, 2nd, 5th, and 6th six weeks. Shorts are allowed in the 1st, 2nd, 5th, and 6th six weeks. Shorts will not be shorter than four inches above the middle of the knee. Prohibited shorts at school include:
 - A. Bicycle pants or shorts
 - B. Cut or shredded jeans
 - C. Shorts with inappropriate lettering on the seat area
 - D. Any shorts deemed inappropriate by the teacher or principal
 4. Appropriate undergarments will be worn, and skin should not be visible under clothing and undergarments must not be visible through clothing.
 5. Hats, caps, hair curlers, picks, and sunglasses are not allowed in the building without the principal’s permission for special circumstances. At no time are caps to be worn backwards on campus or at school-sponsored events.
 6. Pants must be waist-fitted and worn to prevent slipping. They must be worn so that the entire waistband is above the top of the hipbone. Pants must be void of holes. Pants that have an attached belt or belt loops will have a belt worn snugly with no excess length left hanging. No bag, sag, and drag style is allowed. All fasteners on overalls must be buttoned.
 7. Leggings may be worn by female students provided that a garment is worn over the leggings and is no shorter than four inches above the middle of the knee. Shirt tails will not extend below the bottom of a standard hip pocket. Shirts and blouses will be appropriately buttoned. Boys will wear shirts with sleeves. Tank tops and muscle shirts are not permitted for boys or girls. Girls’ shirt sleeves must reach the edge of the shoulder. The back of girls’ garments may not expose skin below the base of the shoulder blade.
 8. Students will wear shoes at all times. Elementary students must wear closed toed shoes with a back at all times. Shoes designed for strings or buckles will be fully laced, tied or buckled. Taps and Rollers are prohibited.
 9. Girls’ dresses and skirts will be modest and must be no shorter than four inches above the middle of the knee. Girls’ blouses designed to be worn with skirts are acceptable, but will be long enough so that no skin shows during normal body movements. Prohibited dress items include:
 - A. Halter tops
 - B. Mini dresses
 - C. Form fitting stretch clothing
 - D. Any blouse or shirt that allows undergarments to be seen
 10. Only female students are allowed to wear earrings or ear studs. Females are allowed no more than two earrings in each ear. No male student will wear earrings. No student will wear body piercing on any other part of the body (navel, tongue, etc...).
 11. Short coats, vest, blazers, sweaters, sweatshirts, and sport coats designed to be worn as a part of dress clothing, not weather protective gear, may be worn in addition to, and not instead of, a blouse or shirt. Heavy parka coats,

- sideline jackets and hooded coats are not to be worn in the classroom.
12. Tattoos are not allowed. Students with tattoos must keep them covered at all times.

Any form of student clothing not covered in the preceding rules that is considered by the principal, the principal's designee or teacher to be disrupting to the learning environment will be prohibited. These rules are in effect from the time the student arrives on the school campus until he/she departs at the end of the school day and at all school sponsored activities. Violations of the Dress Code are a Code of Conduct violation and will be subject to disciplinary action. Decisions by the principal are final and not subject to appeal.

IMMUNIZATION

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Department of State Health Service (DSHS), Immunization Branch, can be honored by the District. This form may be obtained by writing the DSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347; or online at <https://webds.dshs.state.tx.us/immco/afficavit.shtm>. The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are: diphtheria, rubeola (measles), rubella (German measles), mumps, tetanus, pertussis, poliomyelitis (polio), hepatitis A, hepatitis B, and varicella (chicken pox). The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by the Department of State Health Services. Proof of immunization may be personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. licensed physician stating that, in the doctor's opinion, the immunization required poses a significant risk to the health and well-being of the student or any member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition. [For further information, see policy FFAB(LEGAL) and the Department of State Health Services Web site: <http://www.dshs.state.tx.us/immuimize/school/default.shtm>.]

STUDENT SPEAKERS

The district provides students the opportunity to introduce the following school events: Graduation. Only students who are graduating and who hold one of the following positions of honor based on neutral criteria shall be eligible to use the limited public forum: the top four academically ranked students. A student who shall otherwise have a speaking role in the graduation ceremonies is ineligible to give the opening and closing remarks. Students who are eligible shall be notified and given an opportunity to volunteer. Students are not eligible to volunteer if they were in a disciplinary placement during any part of the spring semester.

The names of the eligible students who volunteer shall be randomly drawn. The student whose name is drawn first shall give the opening and the student whose name is drawn second shall give the closing.

A student who is eligible and wishes to introduce one of the school events listed above should submit his or her name to the principal during the first week of the fall semester and/or spring semester. The names of all students who volunteered will be randomly drawn and matched to the event for which the student will give the introduction. If the selected student speaker declines or becomes ineligible, then no student introduction will be made at that event. The selection of students to introduce school events will occur at the beginning of each semester.

As determined by the principal, students who have been selected for special honors, such as captain of an athletic team, student council officers, leaders of school-sponsored organizations, homecoming king or queen, or prom king or queen may also address school audiences at designated events.

PLEDGES OF ALLEGIANCE AND A MINUTE OF SILENCE

Each school day, students will recite the Pledge of Allegiance to the United States flag and Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge.

A minute of silence will follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity so long as the silent activity does not interfere with or distract others.

PRAYER

Each student has a right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not encourage, require, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

SAFETY

Accident Prevention

Student safety on campus and at school-related events is a high priority of the District. Although the District has implemented safety procedures, the cooperation of students is essential to ensure school safety. A student should:

- Avoid conduct that is likely to put the student or other students at risk.
- Follow the behavioral standards in this handbook and the Student Code of Conduct, as well as any additional rules for behavior and safety set by the principal, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the principal any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other District employees who are overseeing the welfare of students.

Asbestos Management Plan

The District's Asbestos Management Plan, designed to be in compliance with state and federal regulations, is available in the Superintendent's office. If you have any questions, please contact the Superintendent.

Pest Management Plan

The District applies only pest control products that comply with state and federal guidelines. Except in an emergency, signs will be posted 48 hours before application. Parents who want to be notified prior to pesticide application inside their child (ren)'s school assignment area may contact the superintendent.

Drills: Fire, Tornado, and Other Emergencies

From time to time, students, teachers, and other District employees will participate in drills of emergency procedures. When the alarm is sounded, students should follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

Emergency Medical Treatment and Information

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school would need to have a written parental consent to obtain emergency medical treatment, and information about allergies to medications, food, insect bites, etc. Therefore, parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc). Please contact the school nurse to update any information.

CAFETERIA SERVICES

The District participates in the National School Lunch Program and offers students nutritionally balanced lunches daily. Free and reduced-price lunches are available based on financial need. Information about a student's participation is confidential. See Craig Adkins, Director of Food Services, to apply.

The District follows the federal and state guidelines regarding foods of minimal nutritional value being served or sold on school premises during the school day.

Foods from restaurants or vendors will not be allowed anywhere on school premises during the school day. In keeping with the Texas Public School Nutrition Policy in promoting healthy nutrition, food from outside, other than the child's residence will not be allowed.

COMPUTER RESOURCES

To prepare students for an increasingly computerized society, the District has made a substantial investment in computer technology for instructional purposes. Use of these resources is restricted to students working under a teacher's supervision and for approved purposes only. Students and their parents will be asked to sign a user agreement (separate from this handbook) regarding the use of these resources; violations of this agreement may result in withdrawal of privileges and other disciplinary action.

SPECIAL PROGRAMS

The District provides special programs for gifted and talented students, homeless students, bilingual students, migrant students, students with limited English proficiency, dyslexic students, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the District or by other organizations. A student or parent with questions about these programs should contact the campus principal.

FEES

Materials that are part of the basic educational program are provided with state and local funds and are at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations and admission fees to extracurricular activities.
- Security deposits.
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.
- Voluntarily purchased student accident insurance.
- Musical instrument rental and uniform maintenance, when uniforms are provided by the District.
- Personal apparel used in extracurricular activities that becomes the property of the student.
- Parking fees and student identification cards.
- Fees for lost, damaged, or overdue library books.
- Fees for driver training courses, if offered.

- Fees for optional courses offered for credit that require use of facilities not available on District premises.
- Summer school for courses that are offered tuition-free during the regular school year.
- A reasonable fee for providing transportation to a student who lives within two miles of the school.
- A fee not to exceed \$75 for costs of providing an educational program outside of regular school hours for a student who has lost credit because of absences and whose parent chooses the program in order for the student to meet the 90 percent attendance requirement. The fee will be charged only if the parent or guardian signs a District-provided request form.

Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the campus principal.

RETURNED CHECKS

Effective August 1, 2007, the Jacksboro ISD is contracting with eTech Solutions who will handle all returned checks. Reasons that checks are returned include: NSF (not sufficient funds), account closed, and stop payment actions. The school district, like many businesses, receives an increasing number of checks that are returned for the above reasons. Returned checks cost our district money, take up staff time, and can create discord. eTech will manage the entire processes electronically and notify your bank of the transaction. Individuals will be charged a \$30.00 fee for each check that is returned to our bank. It is our hope that only valid checks for fees, lunches, and other school related items are sent to the district, in order to avoid the returned check fee.

FUND-RAISING

Student clubs or classes, outside organizations, and/or parent groups occasionally may be permitted to conduct fund-raising drives for approved school purposes. An application for permission must be made to the principal at least 10 days before the event.

Except as approved by the principal, fund raising is not permitted on school property.

TEXTBOOKS

State-approved textbooks are provided free of charge for each subject or class. Books must be covered by the student, as directed by the teacher, and treated with care. A student who is issued a damaged book should report the damage to the teacher. Any student failing to return a book issued by the school loses the right to free textbooks until the book is returned or paid for by the parent. However, a student will be provided textbooks for use at school during the school day.

VANDALISM

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—both this year and for years to come—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

SEARCHES

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, District officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

Students' Desks, Lockers, and Electronic Devices

Students' desks and lockers are school property and remain under the control and jurisdiction of the school even when assigned to an individual student.

Students are fully responsible for the security and contents of their assigned desks and lockers.

Searches of desks or lockers may be conducted at any time there is reasonable cause to believe that they contain articles or materials prohibited by District policy, whether or not a student is present.

Electronic equipment is subject to search in the event school administrators believe reasonable suspicion exists to support the search.

The parent will be notified if any prohibited items are found in the student's desk or locker.

Trained Dogs

The District will use trained dogs to alert school officials to the presence of prohibited or illegal items, including drugs and alcohol. At any time, trained dogs may be used on lockers and vehicles parked on school property. Searches of classrooms, common areas, or student belongings may also be conducted by trained dogs when students are not present. A locker, a vehicle, or an item in a classroom to which a trained dog alerts may be searched by school officials.

TRANSPORTATION

School-Sponsored Trips

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. The principal, however, may make an exception if the parent makes a written request that the student be released to the parent or to another adult designated by the parent.

Buses and Other School Vehicles

The District makes school bus transportation available to all students living two or more miles from school. This service is provided at no cost to students. Bus routes and any subsequent changes are posted at the school. Further information may be obtained by calling Tommy Best, Transportation Director, at 567-2660.

The District will provide an after school shuttle service for students between the elementary campus, the high school campus and the middle school campus.

See the Student Code of Conduct for provisions regarding transportation to the Disciplinary Alternative Education Program.

Students are expected to assist District staff in ensuring that buses remain in good condition and that transportation is provided safely. When riding in District vehicles, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Follow the driver's direction at all times.
- Enter and leave the bus in an orderly manner at the designated bus stop nearest home.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the bus or its equipment.

- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the bus.
- Wait for the driver's signal upon leaving the bus and before crossing in front of the bus.

When students ride in a District van or passenger car, seat belts must be fastened at all times.

Misconduct will be punished in accordance with the Student Code of Conduct; bus-riding privileges may be suspended.

VIDEO CAMERAS

For safety purposes, video/audio equipment may be used to monitor student behavior on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the tapes routinely and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

VISITORS TO THE SCHOOL

General Visitors

Parents and others are welcome to visit District schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the front office to sign in and get a visitor pass.

Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and only so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment.

All visitors are expected to demonstrate the highest standards of courtesy and conduct. Disruptive behavior will not be permitted.

Students are not allowed to bring friends on campus without prior approval from the principal.

ACKNOWLEDGMENT FORM

My child and I have received a copy of the **Jacksboro ISD Student Handbook (and the Student Code of Conduct)** for 2010-2011. I understand that the handbook contains information that my child and I may need during the school year and that all students will be held accountable for their behavior and will be subject to the disciplinary consequences outline in the code.
