

## Patricia Plummer

Class of 1956

Plummer graduated from Jacksboro High School as Valedictorian. She was awarded the Nicholson Fellowship for study at TCU and received a B.A. in 1960. She was awarded a teaching assistantship at the University of North Carolina, where she studied and taught for one year. Plummer was awarded a NASA Fellowship for study at the University of Texas, followed by a Welch Foundation Scholarship and a Post Doctoral Fellowship also at UT. She taught graduate studies at the University of Arkansas.

Dr. Plummer is presently conducting research in Cloud Physics at the University of Missouri. This research concerns the study of weather modification and will play an important part in ecology of the earth's atmosphere. Plummer also teaches graduate courses in chemistry and physics at University of Missouri.
